IND Mue.

STAT 1. (Unclassified - SF) LIAISON Received a call from Richard Grimmett, Foreign Affairs Division, Congressional Research Service, requesting a document that related to a briefing he and Robert Bell, Library of Congress, received here on October 24, 1978 regarding arms transfers by foreign nations. The briefing was given by [redacted] C/NFAC/CSS, and [redacted] OER. The document was dated October 1978 and dealt with arm sales to the third world. Mr. Grimmett said he was told this document would be included in a package he was to be sent. He received the package of materials but this document was not included. The request for this document is from the Senate Foreign Relations Committee. He asked that the document be sent to the Committee, att: Hans Binnendijk, of the Committee staff. Mr. Grimmett was calling to speak to Mr. [redacted] of our office; I explained that [redacted] was on leave but I would try to track down the request and get back to him. Following this call I received another call from Hans Binnendijk requesting the same document informing me that he wanted this document plus some statistical data broken down by country, year, delivery and sales. Mr. Binnendijk said he wanted these documents for the weekend because he was writing a report and would be out of his office from 3:30 on and provided me with his home telephone number where he could be reached after 5:00. In [redacted] absence, I relayed the above information

STAT 2. (Unclassified - BLH) LIAISON Thomas Crowley, in the office of Senator Daniel K. Inouye (D., Hawaii), came to Headquarters for a briefing on an EEO case referred to Senator Inouye by a DDO staff employee (an Inouye constituent), and for an overview of the Agency's complaint and dissent procedures. [redacted] EEO, handled the briefing. Mr. Crowley asked that the specific case be forwarded to the Federal EEO examiner; [redacted] is checking with her office and will respond through OLC. Crowley also talked with [redacted] NE/DDO, regarding terrorism against Americans in the Middle East. In addition, [redacted] showed Crowley a paper prepared by LA/DDO on Agency knowledge of the death of Che Guevara.
